

NUMERICAL INDEX — DIVISION 010 GENERAL METHODS

1. General

1.01 This Index provides a listing of Bellcore-owned Practices in Division 010. The prefix "BR" to each Practice number has been omitted in this listing purely for ease of reading the Practice number in a two-column format. For ordering purposes specify BR-010-000-000.

1.02 A bullet (•) indicates an item that has been added or changed since the previous issue of the Index.

1.03 A square (□) indicates a canceled item. Information relating to the cancellation will be shown in a note following the Practice. Canceled Practices and related notes will be deleted upon reissue of the Index.

1.04 A star (*) indicates a Practice SPCS (Stored Program Control System) which contains trade secret information and which is available to authorized addresses only.

1.05 A solid triangle (▲) indicates a Task Oriented Practice (TOP). These Practices, because of their limited need, will have selective distribution within coded distribution. Additional copies may be obtained by placing regular (one-time) orders.

1.06 A heart (♥) indicates a new or reissued Practice which because of its limited need, will have selective distribution within coded distribution. Additional copies may be obtained by placing regular (one-time) orders.

1.07 A spade (♠) indicates a Practice not available on microfiche. This index indicates the latest issue for hard-copy Practices. In some cases, the microfiche Practice will reflect the next higher issue as a result of the reduced distribution interval of the microfiche version.

1.08 "Add" is the abbreviation for Addendum.

1.09 "App" is the abbreviation for Appendix.
